

SINCE 1957 WE PROFILE IDEAS

EXTRUSION AND WORKING OF PLASTIC MATERIALS
ESTRUSIONE E LAVORAZIONE MATERIE PLASTICHE

SQUARE PROFILES

PROFILI QUADRI

The square profiles belong to a generic and commercial category of profiles, that are used in different application. These artifacts may be subject to special working upon request, as bevel cut, drilling, milling or shearing. All VBN profiles are in compliance with international rule DIN 16941 "Thermoplastics extruded profiles".

VBN produces:

SUPPORT TUBES
TUBES FOR ELECTRIC INSTALLATION
FENCES TUBES
TUBES FOR DOORS
TUBES FOR COOLING INSTALLATION
LIGHTING TUBES
TUBES FOR FRAMES
TUBES FOR BUILDING

La produzione di semilavorati termoplastici a sezione quadra fa parte della categoria profili commerciali generici, impiegati in differenti e numerosi campi di applicazione. Questi manufatti possono essere completati con lavorazioni speciali su richiesta di tagli inclinati, forature, fresature o tranciatore. Tutti i profili VBN sono conformi alla normativa internazionale DIN 16941 "Thermoplastics extruded profiles".

VBN realizza:

TUBI PER SUPPORTI
TUBI PER IMPIANTI ELETTRICI
TUBI PER RECINZIONI
TUBI PER PORTE
TUBI PER IMPIANTI FRIGORIFERI
TUBI PER ILLUMINAZIONE
TUBI PER SERRAMENTI
TUBI PER EDILIZIA
